**UV STERILIZATION**  
Ensures water is always safe

**TWO PRACTICAL LEVERS**  
Water at two temperatures always available

**ELEGANT DESIGN**

**LED INDICATORS**

**100 GPD**  
High-performance reverse osmosis

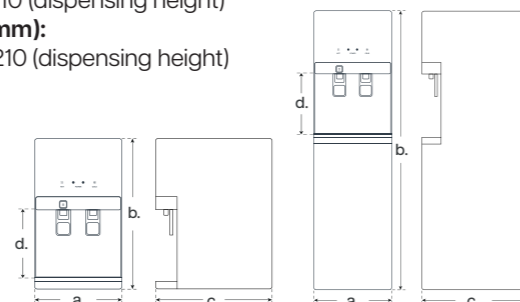

**TWO TEMPERATURES**  
(cold and hot)

\*Available in reverse osmosis version (floor-standing and countertop) or UF (floor-standing)

### Technical specifications:

- Membrane: 100 GPD, 75 GPD and UF
- Power supply: 220-240V / 50-60Hz
- **Cold water** tank capacity: 7 L
- **Cold water** tank capacity (countertop): 5 L
- **Hot water** tank capacity: 2 L
- **Hot water** tank capacity (countertop): 1.5 L
- **Heating capacity:** 7 L/hour
- **Heating capacity (countertop):** 6 L/hour
- **Cooling capacity:** 11 L/hour
- **Cooling capacity (countertop):** 10 L/hour

- Cold water compressor power consumption: 100W
- Hot water heating power consumption: 550W
- Refrigerant gas: R-600a / 19g
- **Floor-standing dimensions (mm):**  
a. 300 | b. 1115 | c. 360 | d. 210 (dispensing height)
- **Countertop dimensions (mm):**  
a. 300 | b. 520 | c. 360 | d. 210 (dispensing height)

**PUBLIC AREAS**

**GYMS**

**OFFICES**

**MULTIPLE SPACES**
