microtech UF
drinking pure water

TECHNICAL DATA:

- **Model:** Microtech UF with hydrogenating post-filter
- **Pure water flow rate:** 3.5 L/min (at 3 bar pressure)
- **Internal water pressure:** 0.1-0.4 MPa
- **Filter lifespan:** 1 year recommended
- **Suitable water source:** Mains water
- **System dimensions:**
a. 352 mm | b. 136 mm | c. 250 mm
- **Box dimensions:**
a. 377 mm | b. 217 mm | c. 434 mm
- **System weight:** 2,80 Kg

ACCESSORIES:

1. RO4080: Ultrafiltration membrane and all-in-one PCB filter

**THE MOST INNOVATIVE
TECHNOLOGY**

**DRINK
HYDROGENATED
WATER**

Distributed by:

Skin care

Healthy

Ecology

Anti-inflammatory properties

THE FASTEST FILTER CHANGE ON THE MARKET

WITHOUT WATER REJECTION

DIRECT FLOW, MORE HYGIENIC AND SAFER SYSTEM, INNOVATION GAIN SPACE, WITHOUT A STORAGE TANK

Without rejection

4-in-1 Filter

Large production

Very easy filter replacement

Hydrogenating post-filter
